ABOUT

SKILLS

JavaScript • Node.js • React • Leaflet • jQuery • AJAX • Ruby • Ruby on Rails • Sinatra • Python (SciPy, NumPy, Rasterio, etc) • SQL (PostgreSQL, PostGIS, SQLite) • Sequelize • ActiveRecord • MongoDB • Mongoose • HTML & CSS • Git • Heroku • AWS • RSpec • Jasmine • Capybara • Selenium

HOBBIES

geography • maps • aviation • cars • travel • languages • linguistics

PROJECTS

Mormon Mapper (web app, solo project) – Dec 2014
- The most comprehensive map of LDS temples on the web
- http://mormonmapper.com (http://github.com/MormonMapper)

Upstarter (mobile app, team project) – Jan 2015
- An interactive tech company lookup resource
- http://upstarter-client.herokuapp.com (http://github.com/jgerminario/upstarter)

No Place Like Home (3rd Place at AccelerateSF Hackathon) – Feb 2015
- A tool for renters in San Francisco offered buyouts to determine whether to accept the buyout, counter the offer, or reject it altogether
- http://github.com/noplacelikehome/noplacelikehome_app

EXPERIENCE

TerrAvion, Inc. (Apr 2015 – *present*) — *Dublin, CA*

Geospatial Software Developer
- Maintain, debug, refactor, and add new features to a Node/React/Leaflet web application
    - Implement full-stack solutions, from SQL to CSS
    - Manage complex relational database schemas
- Architect REST APIs using Node/JavaScript, Python, Ruby, and PostgreSQL/PostGIS
- Write tools to manipulate raster datasets (aerial imagery/geotiffs), primarily using Python/Rasterio
- Architect a feature testing framework using Selenium WebDriver, integrating with Sauce Labs
- Maintain, debug, refactor, and add new features to a legacy Ruby on Rails application
- Optimize infrastructure for scalability and efficiency
- Troubleshoot issues related to geo-registration, database queries, and API integration

Dev Bootcamp (Sept 2014 – Feb 2015) — *San Francisco, CA*

Full-Stack Web Developer Apprentice
- 1000+ hours of web development training, including pair programming challenges, git & GitHub, TDD, Object Oriented Principles, and APIs

Greg Morris Cards (Mar 2014 – Jul 2014) — *Los Angeles, CA*

Operations Manager
- Oversaw operations of an e-commerce business; managed three employees; analyzed data using Excel
- $2-4 million annual gross revenue; 100% positive feedback

EDUCATION

Middlebury College (Sept 2012 – May 2013) GPA: 3.9 — *Middlebury, VT*
Geography, Linguistics, Arabic

UCLA (Jun 2010 – Aug 2010; Jun 2013 – Sept 2013) GPA: 4.0 — *Los Angeles, CA*
Arabic, Near Eastern Languages & Cultures
